# END THE GENERATIONAL IMPACT OF DOMESTIC VIOLENCE

Megan Kelly  
Miss Missouri

More than 5 MILLION children witness domestic violence each year. The impact of which can lead to a shorter life span and a greater likelihood of addiction, low self-esteem, learning difficulties, and health issues. Join us to break the generational impact of domestic violence. [MyHarmonyHouse.org/icare](http://MyHarmonyHouse.org/icare)

## STAND UP. SPEAK OUT. GET INVOLVED.

When researchers examined the brains of children who had either experienced or witnessed domestic violence, their scans were strikingly similar to another group of individuals: combat veterans with PTSD.
