

iCare™ Partnership Opportunities

Greene County, Missouri, reports the state's highest domestic violence rates. This widespread issue affects our schools, workplaces, and healthcare systems, impacting 1 in 3 women and 1 in 4 men. To combat this, the Harmony House iCare initiative, held each October, engages businesses, schools, and community organizations in raising awareness and funds. This month-long campaign culminates in iCare Day on the last Friday of October, uniting hundreds of participants to support Harmony House's vital efforts and break the silence surrounding domestic violence.

We invite you to partner with us this iCare season.
